

Fraud Alert: Phishing Scam

There have been emails sent to credit union members, including members of our Credit Union, which appear to be from CUETS, the Credit Union's MasterCard credit card provider. These emails ask members to update their account information by clicking on a link.

These emails are a scam and are not from CUETS. CUETS or the Credit Union will never ask for your information via email.

If you receive a similar email, under no circumstances respond to the request for your personal information. This scam has been reported to the police.
